GRAND CAFÉ

Discover the Prise d'eau water source.

Sourced from a protected natural reserve near Tilburg, this water has been naturally filtered through underground layers for centuries before reaching the source.

In 2019, water from Stadsbos013 was voted the best-tasting water in the Netherlands by an expert jury. Awarded as the finest water in the Netherlands, it stands out for its clean, soft taste and exceptional purity.

Since September 2024 locally bottled and served in Tilburg, Goirle, Riel, Loon op Zand and De Moer. Not only does it taste great, it is also a sustainable alternative to imported bottled water.

Prise d'eau contributes to strengthening nature: 50% of its profits are donated to local ecological projects.

CITRUS SMASH

Zesty lemon and fresh basil make an unexpectedly delicious duo. Sparkling, refreshing and full of character. The perfect pick-me-up for sunny days!

TROPIC GLOW

Juicy mango, tangy passion fruit and a splash of coconut bring instant tropical vibes. Bright, refreshing and basically a little holiday in a glass.

BERRY BLOSSOM

Sweet strawberry and vibrant raspberry meet a subtle hint of rosemary. Fruity, fresh and lightly herbaceous, with just the right balance of sweet and refreshing.
